

January 6, 1984

LB 9

effect January 1, 1983, and of course we can't hardly do that anymore, so, Mr. Chairman, I would move for the adoption of the bill but perhaps we need the amendment on there first.

SENATOR HEFNER: I think we have an amendment on the bill. Senator Vickers.

CLERK: Mr. President, Senator Vickers would move to amend the bill. "On page 2, line 12, strike "1983" and insert "1984."

SENATOR HEFNER: The Chair recognizes Senator Vickers.

SENATOR VICKERS: Mr. President and members, the amendment as the Clerk read it to you is very simple. It is one of the ones that we will probably have to go through a number of times this year as we always do in the short sessions but this bill was drafted so that it would take effect last year and obviously we are going to have to change that because of the fact that it is another year that we are dealing with this bill. So the amendment simply would change the date 1983 to 1984 to make it fit in with the current year that we are in. I would assume that the introducer of the bill is in favor of this amendment. As a matter of fact, he is the one that pointed it out to me originally so I would just urge the body's adoption of this amendment and ultimately the adoption of LB 9.

SENATOR HEFNER: Is there any further debate? If not, we will call for the vote on the Vickers amendment. All in favor vote aye, and against it vote no. Has everyone voted? Please record, Mr. Clerk.

CLERK: 32 ayes, 0 nays, Mr. President, on adoption of Senator Vickers's amendment.

SENATOR HEFNER: The motion has carried. Do we have any other amendments?

CLERK: Nothing further on the bill, Mr. President.
